

# Highfill Waterworks

Town Council Update – August 11, 2009

- NWA Children's Shelter has received final approval through the Arkansas Health Department on the water and sewer designs. Silver Meadows still working on their approval.
- Centerton's asked ESI to work up the paperwork required acquire the portion of our system that runs along 102 where it is in their city limits. We need to discuss this in the council meeting.
- The recirculation system has been completed. I have sterilized the system and have submitted sample to the Health Department. Will start pumps the week of 17<sup>th</sup>.
- Berry & Associates started our water audit.
