06/23/09 17:44

Client: Town of Highfill
11978 Highfill Ave
Gentry AR, 72734

Work Order: BF90285
Project Name: Monthly effluent
Project Number: Monthly effluent

Attn: Frank Holzkamper

Date Received: 06/17/09

Sample ID	Laboratory ID	Date and Time Sampled	Sampled By	Sample Type
Effluent	BF90285-01	06/17/09 12:08	Joshua Marshall	Grab

Samples were received into laboratory at a temperature of 3.00 °C

Comments:

An executed copy of the chain of custody, the project quality control data, and the sample receipt form are also included as an addendum to this report. If you have any questions relating to this analytical report, please contact your Laboratory Project Manager. Any opinions, if expressed, are outside the scope of the laboratory's accreditation.

This report and any attachment(s) contains information from Environmental Testing Group, Inc ("ETG"), and is confidential and privileged. The information is intended for the use of the individual or entity named above. If you are not the intended recipient, be aware that any review, disclosure, printing, copying, distribution, retransmission, dissemination or other use of the information and/or contents of this message is prohibited. If you receive this message in error, please contact the sender immediately and delete any and all copies of this message from your computer(s).

Results are reported on a wet weight basis unless otherwise noted.

The reported results were obtained in compliance with 2003 NELAC standards unless otherwise noted.

These results relate only to the items tested.

Estimated uncertainty is available upon request.

This report has been electronically signed.
